

WE'RE HIRING

Staff Accountant

Remote • Full-Time • Home Care Industry Specialists

The Home Care CPAs is a fast-growing, mom-owned accounting firm serving exclusively home care agencies nationwide. We're looking for an experienced accountant to manage a portfolio of complex client accounts — someone curious, detail-driven, and ready to help modernize how accounting is done in this industry.

What You'll Do

- Categorize & troubleshoot bank feed transactions in QuickBooks Online
- Prepare and post month-end journal entries
- Perform month-end account reconciliations
- Conduct variance analysis to flag discrepancies
- Finalize accurate, on-time month-end financials
- Recommend process improvements
- Respond to client inquiries with clear, solution-oriented support
- Manage a portfolio of ~10–15 client accounts

What We're Looking For

- Proficiency in QuickBooks Online & strong Excel skills
- Sharp attention to detail and accuracy
- Comfortable learning new tools quickly
- Strong written & verbal communication
- Curious, resourceful, and proactive
- Organized, deadline-driven, and able to juggle multiple clients
- Public accounting or multi-client experience preferred
- CPA (or equivalent) and home care/elder care experience a plus

We value curiosity over having all the answers, and we believe work should support life — not compete with it. Join a progressive firm making accounting a little more human (and a little more fun).

10–15

Client Portfolio

Remote

Work From Anywhere

Global Team

US, Philippines & S. Africa

If you're detail-oriented, curious, and looking to grow with a specialized, fast-growing firm — we'd love to hear from you.
